

Corporate Contributor License Agreement

Polygon zkEVM Project

Thank you for your interest in the Polygon zkEVM project (the "**Project**") by Catenable AG (together with its affiliates, "**Polygon Labs**"). This Corporate Contributor License Agreement ("**Agreement**") is between the company making a Contribution ("**Company**") and Polygon Labs, and clarifies the intellectual property rights being granted to Polygon Labs with respect to Contributions, as defined below, submitted by Company employees, each acting in their capacity as an employee of Company ("**Employee**"). By signing this Agreement to make a Contribution, you acknowledge that Company is bound by this Agreement with respect to the present and future Contributions submitted by Employees, and that you have the authority to bind Company to this Agreement.

"**Contribution**" means any work of authorship, including any modifications or additions to an existing work, that is submitted by an Employee to Polygon Labs for inclusion in the Project. A Contribution may include software, documentation, or other works of authorship. For the purposes of this definition, "**submitted**" means any form of electronic, verbal, or written communication sent to Polygon Labs or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, Polygon Labs in connection with the Project, but excluding communication that is conspicuously marked or otherwise designated in writing by an Employee as "Not a Contribution."

1. Company acknowledges that the Project software is licensed under the Affero General Public License Version 3, found at: <https://www.gnu.org/licenses/agpl-3.0.txt>. Contributions made by Employees are made pursuant, and subject, to the MIT License, found at <https://opensource.org/license/mit/>.
2. Company represents that each Contribution by Employees is an original work of authorship, and does not include any third-party materials subject to any restriction inconsistent with the license set forth in Section 3. Company further represents that any Employee who submits a Contribution has been authorized by Company to make the Contribution pursuant to this Agreement, and that Company has all rights necessary to grant the license set forth in Section 3.
3. Subject to the terms and conditions of this Agreement, Company hereby grants to Polygon Labs and to recipients of software distributed by Polygon Labs a perpetual, worldwide, nonexclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare derivative works of, publicly display, publicly perform, sublicense, and distribute your Employee's Contributions and such derivative works. Except for the license Company is granting herein to Polygon Labs and to the recipients of Project software distributed by Polygon Labs, Company reserves all right, title, and interest in and to your Contributions, provided that Company may not grant rights to others that limit or effect the rights of Polygon Labs under this Agreement.
4. UNLESS REQUIRED BY APPLICABLE LAW OR AGREED TO IN WRITING, EMPLOYEES PROVIDE CONTRIBUTIONS ON AN "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, EITHER

EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, ANY WARRANTIES OR CONDITIONS OF TITLE, MERCHANTABILITY, OR FITNESS FOR A PARTICULAR PURPOSE.

5. Company agrees to notify Polygon Labs of any facts or circumstances of which it becomes aware that would make any of the representations set forth in this Agreement inaccurate in any respect.
