

# zkEVM Contributor License Agreement

---

Thank you for your interest in contributing to the zkEVM open source project, which is maintained by the Uniclau S.L., Catenable AG, and their affiliated entities operating under the "Polygon" brand (collectively, "Polygon").

This contributor agreement ("Agreement") documents the rights granted by contributors to Polygon.

This is a legally binding document, so please read it carefully before agreeing to it. In consideration for Polygon's willingness to consider your contribution to the zkEVM You agree to the terms and conditions of this Agreement. You agree that Polygon's willingness to consider Your contribution to the zkEVM open source project constitutes valuable consideration. If you contribute to any other software projects maintained by Polygon, and there is no separate agreement executed between You and Polygon regarding your contributions, then this Agreement covers those contributions as well.

## 1. Definitions

**"You"** means the individual who Submits a Contribution to Polygon.

**"Contribution"** means any work of authorship that is Submitted by You to Polygon in which You own or assert ownership of the Copyright. If You do not own the rights in the entire work of authorship, please contact [backoffice@polygon.technology](mailto:backoffice@polygon.technology) explaining the details.

**"Copyright"** means all rights protecting works of authorship owned or controlled by You, including copyright, moral and neighboring rights, as appropriate, for the full term of their existence including any extensions by You.

**"Material"** means the work of authorship which is made available by Polygon to third parties. When this Agreement covers more than one software project, the Material means the work of authorship to which the Contribution was Submitted. After You Submit the Contribution, it may be included in the Material.

**"Submit"** means any form of electronic, verbal, or written communication sent to Polygon or its representatives, including but not limited to electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, Polygon for the purpose of discussing and improving the Material, but excluding communication that is conspicuously marked or otherwise designated in writing by You as "Not a Contribution."

**"Submission Date"** means the date on which You Submit a Contribution to Polygon.

**"Effective Date"** means the date You execute this Agreement or the date You first Submit a Contribution to Polygon, whichever is earlier.

**"Media"** means any portion of a Contribution which is not software.

## 2. Grant of Rights

### 2.1 Copyright Assignment

(a) At the time the Contribution is Submitted, You assign to Polygon all right, title, and interest worldwide in all Copyright covering the Contribution; provided that this transfer is conditioned upon compliance with Section 2.3.

(b) To the extent that any of the rights in Section 2.1(a) cannot be assigned by You to Polygon, You grant to Polygon a perpetual, worldwide, exclusive, royalty-free, transferable, irrevocable license under such non-assigned rights, with rights to sublicense through multiple tiers of sublicensees, to practice such non-assigned rights, including, but not limited to, the right to reproduce, modify, display, perform and distribute the Contribution; provided that this license is conditioned upon compliance with Section 2.3.

(c) To the extent that any of the rights in Section 2.1(a) can neither be assigned nor licensed by You to Polygon, You irrevocably waive and agree never to assert such rights against Polygon, any of its affiliates, contractors, assignees, or successors in interest, or any of our licensees, either direct or indirect; provided that this agreement not to assert is conditioned upon compliance with Section 2.3.

(d) Upon such transfer of rights to Polygon, to the maximum extent possible, we immediately grant to You a perpetual, worldwide, non-exclusive, royalty-free, transferable, irrevocable license or sublicense under such rights covering the Contribution, with rights to sublicense through multiple tiers of sublicensees, to reproduce, modify, display, perform, and distribute the Contribution. The intention of the parties is that this license will be as broad as possible and to provide You with rights as similar as possible to the owner of the rights that You transferred. This license back is limited to the Contribution and does not provide any rights to the Material.

### 2.2 Patent License

For patent claims including, without limitation, method, process, and apparatus claims which You own, control or have the right to grant, now or in the future, You grant to Polygon a perpetual, worldwide, non-exclusive, transferable, royalty-free, irrevocable patent license, with the right to sublicense these rights to multiple tiers of sublicensees, to make, have made, use, sell, offer for sale, import and otherwise transfer the Contribution and the Contribution in combination with the Material (and portions of such combination). This license is granted only to the extent that the exercise of the licensed rights infringes such patent claims; and provided that this license is conditioned upon compliance with Section 2.3.

### 2.3 Outbound License

Based on the grant of rights in Sections 2.1 and 2.2, if Polygon includes Your Contribution in a Material, Polygon may license the Contribution under any license, including copyleft, permissive, commercial, or proprietary licenses. As a condition on the exercise of this right, Polygon agrees to also license the Contribution under the terms of the license or licenses which Polygon is using for the Material on the Submission Date.

The above applies similarly to Media.

### 2.4 Moral Rights.

If moral rights apply to the Contribution, to the maximum extent permitted by law, You waive and agree not to assert such moral rights against Polygon, or any of our licensees, either direct or indirect.

### 2.5 Our Rights.

You acknowledge that Polygon is not obligated to use Your Contribution as part of the Material and may decide to include any Contribution Polygon considers appropriate.

## 6. Miscellaneous

---

6.1 This Agreement will be governed by and construed in accordance with the laws of the State of California, excluding its conflicts of law provisions, and the parties consent to exclusive jurisdiction and venue in state or federal courts in California for any claim, dispute, or controversy arising out of or relating to this Agreement.

6.2 This Agreement sets out the entire agreement between You and Polygon for Your Contributions to Polygon and overrides all other agreements or understandings.

6.3 If You or Polygon assign the rights or obligations received through this Agreement to a third party, as a condition of the assignment, that third party must agree in writing to abide by all the rights and obligations in the Agreement.

6.4 The failure of either party to require performance by the other party of any provision of this Agreement in one situation shall not affect the right of a party to require such performance at any time in the future. A waiver of performance under a provision in one situation shall not be considered a waiver of the performance of the provision in the future or a waiver of the provision in its entirety.

6.5 If any provision of this Agreement is found void and unenforceable, such provision will be replaced to the extent possible with a provision that comes closest to the meaning of the original provision and which is enforceable. The terms and conditions set forth in this Agreement shall apply notwithstanding any failure of essential purpose of this Agreement or any limited remedy to the maximum extent possible under law.
